here s just what you need to effectively care for your patients at any stage of life in

today's ever-changing world of health care, Elaine Polan and Daphne Taylor guide you through the life cycle from conception to old age with an emphasis on health promotion, maintenance, and restoration in clinical practice.

Life Span Human Development is about the development of human beings from conception to death. It highlights similarities as well as differences in developmental stages and it asks fundamental questions about why we humans develop as we do, taking a unique integrated topical and chronological approach. Each chapter focuses on a topic or domain of development such as physical growth, cognition, or personality and traces developmental trends and influences in that domain from infancy to old age. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools at cengage.com/mindtap.

Packed with the latest research and vivid examples, Sigelman and Rider's Life Span Human Development, 10th edition, equips you with a solid understanding of the overall flow of development and the key transformations that occur in each period of the life span. Written in clear, straightforward language, each chapter focuses on a domain of development such as cognitive or personality development and traces developmental trends and influences in that domain from infancy to old age. Sections on infancy, childhood, adolescence, and adulthood are included. The text emphasizes theories and their use in helping us understand development, focuses on the interplay of nature and nurture in development, and also provides an expansive examination of both biological and sociocultural influences on life span development. Additionally, MindTap digital resources offer anywhere, anytime learning solutions.

A thorough, comprehensive topical introduction to human development in rejecting classic age and stage treatments of human development, these authors take an approach that better shows the continuity of the developmental process. They emphasize the interdisciplinary nature of the field by integrating pertinent ideas from such diverse sources as sociology, biology, and cultural anthropology. This edition embraces more discussion of infancy, greater coverage of the adult, and a more thorough look at the role of women in a person's growth and development than the previous edition.

Journey Across the Lifespan, 7th edition, is also available in Davis Advantage LPN/LVN Full Curriculum or Complete Set. Take a fascinating journey through the life cycle here's just what you need to safely and effectively care for your patients at any stage of life in today's ever-changing world of health care. The 7th edition of this popular, student-friendly text guides you through the life cycle from conception to old age with an emphasis on health promotion, maintenance, and restoration in clinical practice.
